## **sub-project 2**

## **Description**

### **Realization/Local construction supervisory authority**

At the Jewish cemetery in Kobersdorf gardening and landscaping work will be carried out. This will involve the following services: removal of branches and unwanted vegetation, removal and replacement of the old wire fencing and tree maintenance work. In addition natural stone work will be carried out including accompanying measures. This involves stonemasonry and conservation and structural reinforcement of the graves (structural renovation and conservation of the graves from damage groups 1 and 2, which are heavily or substantially damaged). The cemetery's remaining stone wall will

also be renovated. Additionally, the services of the local construction supervisory authority that did not form part of subproject 1 will be commissioned.
