Jewish Cemetery Lackenbach

Data

Description

The oldest gravestone so far to be identified at Lackenbach cemetery dates back to 1729. Up to 1938, a total of around 1,750 people from the large “Seven Communities” community of Lackenbach were buried there. The cemetery is kept locked, the key is available from the local municipality during office hours. Guided tours are currently not available.

sub-project 2

Description

Realization local construction supervisory authority

At the Jewish cemetery in Lackenbach, work must be carried out by a Master Builder and ancillary work must be undertaken. This involves the following services: restoration of the cemetery building in the northeastern area of the cemetery and the renovation of the cemetery wall. Furthermore two trees will be felled and pruning and ivy removal will be carried out. In addition the graves will be restored and preserved. This will involve structural reinforcement and preservation of the graves from the damage groups 1 and 2 (heavily or substantially damaged). Additionally, the services of the local construction supervisory authority that did not form part of sub-project 1 will be commissioned.
