Jewish Cemetery Tulln

Data

Description

The Jewish cemetery in Tulln was founded in 1885. Most of the gravestones in this cemetery were looted during the Nazi period. Only three gravestones remained on the small site. In 1963 the cemetery was permanently closed for use. A few symbolic gravestones were subsequently reinstated. The cemetery is located in a built-up residential area, is unlocked and accessible to the public.

Paracelsusstraße/Dr.-Sigmund-Freud-Weg (am Ende des Weges), 3430 Tulln, Lower Austria | [show on map](#)
