Jewish Cemetery Güssing

Data

Description

Fifty symbolic gravestones have been erected in place of the gravestones that were looted during the Nazi period. A few historical gravestones have found their way back to the cemetery over the years, from the Jewish cemetery in Graz among other places. The cemetery is kept locked, the key is available from the local municipal office.

Stremtalstraße 15, 7540 Güssing, Burgenland | [show on map](#)
